

Commercial Disputes

Sklar Kirsh's corporate attorneys regularly counsel our clients in connection with pre-litigation strategy and in negotiating and resolving complex business disputes. We assist clients in connection with partnership disputes, reorganizations, splits and dissolutions, employee/employer separations and a wide range of general commercial contract claims. When a dispute cannot be resolved, our litigation department is able to seamlessly step in and further the matter toward resolution, whether through settlement, arbitration, or the courts.
